

Undergraduate Internship in Tropical Ecology and Evolution
University of Puerto Rico
Summer 2013

The University of Puerto Rico is accepting applications for the Summer 2013 internship in Tropical Ecology and Evolution at El Verde Field Station, Puerto Rico. The internship will run from June 3 - August 9, 2013.

Application deadline: **28 February 2013**

The program will offer students the opportunity to have hands-on experience fields such as:

- Plant Systematics and Population Biology
- Stream Ecology and Consumer-Resource Linkages
- Biodiversity Conservation
- Aquatic insect ecology
- Plant Reproductive Ecology and Evolution
- Tropical Fish Ecology
- Urban Ecology

Students receive a stipend and up to \$600 to cover plane tickets to Puerto Rico. The program will cover housing at El Verde Field Station.

The National Science Foundation and the University of Puerto Rico, Rio Piedras campus, sponsor the program.

The program is limited to undergraduate students pursuing a bachelor degree at a college or university during summer 2013 and to US citizen or permanent resident.

Application materials and further information can be found at <http://web.ites.upr.edu/reu/>
