

DATAONE SUMMER INTERNSHIP PROGRAM

The DataONE Summer Internship program runs May through July and provides an opportunity for students and postgraduates to work with DataONE on a nine-week project. We are pleased to offer support for four great opportunities. Available projects include:

- *Tools To Enhance Community Driven Data Management Education*
- *Provenance For Self Or Others? A Study With Hands-On Experiments*
- *Supporting Community Outreach And Advocacy For Open Data*
- *Reach And Citation Of DataONE*
- *Build Capacity For Using DataONE Via Python*
- *A Reproducible Network Analysis Of The DataONE Linked Open Data Graph*

For details on each of these projects, information on eligibility, stipend and how to apply visit:
